Certified Camouflage Therapist Specialist

December 2, 2001

Alumni since 2000

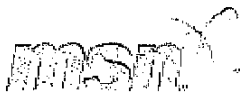

Dear Ms. Victoria Rayner,

This letter is written in acknowledgement of how my training at The Rayner Institute for Career Development has benefited my career. Victoria *personally recommended me for a position as a Camouflage Therapist Specialist at [REDACTED] in the Dermatology Department.* I am very excited about the opportunity to work with the patients and teach them the camouflage techniques that *Victoria Rayner* so diligently taught to me. I am currently designing the *referral forms* and *charts* that will be used in the *Camouflage Clinic at the University.*

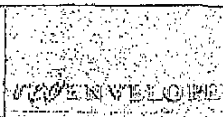

This *particular direction* in my career *would not* have been *possible* with out the *training* I received at The *Rayner Institute for Career Development.* In addition, Victoria Rayner has *referred* clients for Camouflage Therapy directly to *my Skin Care Clinic;* Victoria's *guidance does not end* when the Tra is *over.* I am thankful for the training and *career management advice* I have received and will continue to receive at the Rayner Institute and am looking forward to a long and prosperous career.

With Best Regards, I Remain,

Shannon St...

Alice,

Thank you it is nice to be back.

Yes, I highly recommend Victoria's class to all my students. The two programs I would suggest to you are Dermatologic Skin Care and Skin Care Management for Menopause and Hormonal Dysfunction's.

Victoria's one on one long distance classes have been motivating, stimulating and extremely educational. It is one of the best things I have done for myself and my career.

Teri

Hi Terry, welcome back....
I found a course I was interested in taking (via distance learning) taught by Victoria Rayner, and I was wondering if you knew how much it is, or if it is even the same thing that you're taking?? It's thru her center for Appearance and Esteem, Victoria Rayner's center. Do you like the one you're taking?
Thanks,
Alice

Dear Ms. Rayner,

I would like to thank you for providing the professional courses of study through The Rayner Institute. I have completed the 6-week course of Dermatologic Skin Care and am enthusiastic about expanding my career options and increasing my earning potential.

The distant learning program has been a tremendous asset, allowing me to work at a comfortable pace and keep up with life's demands. I found the coursework to be intellectually stimulating, a bit of a challenge but also presented in an easy to understand format. The course is clearly designed to differentiate between the esthetician and the specialist.

The network of support has been most comforting and my association with The Rayner Institute has been a pleasant experience. The career guidance being offered to me as I prepare for my final exam and entry into the workforce is greatly appreciated. I would highly recommend The Rayner Institute to anyone wishing to expand their knowledge of medical esthetics and advance their career or even perhaps create a new career!

Sincerely,

Lisa R
