**The recommendations below are from correspondence received from some of our
Distance Learning Students.....**

March 30, 2001 – Chris C., Northeastern Philadelphia, PA

"Thank you Victoria,

Through the various stages of my business career, Never have I felt so in touch with my business as a do today.

I began my career in cosmetology 30 years ago. I have spent many years of training through the various stages, (beginning as a hairstylist, and on to a small salon owner, moving onto an executive position for a large cosmetic company, and now back into the world of entrepreneur). I now have more in-depth knowledge of the real needs of my client – today's woman.

This course in 5 short yet grueling weeks has changed my direction in meeting those needs. I sincerely thank you for this training and am looking forward to the next course."

March 20, 2001 – Deonna C., Arlington Hts, IL

"In this day and age it is often rare that an institution goes above and beyond the call of duty. An experience with the Center for Appearance and Esteem is one in which your expectations are truly exceeded. Not only does one gain valuable knowledge from a professional who has worked in the field for many years, but you team more about yourself, your professional goals, and your place within a rapidly growing and exciting profession. The one on one approach to the certification process has proved to be very effective and, in my opinion, has made me better equipped to enter the medical establishment with confidence

The career coaching you have provided for me after graduation has been very instrumental in helping me prepare to get the job I deserve. These services included an insight into the different medical settings in which I can use my certification, information regarding the interviewing process, doctor referrals and networking advice, and finally guidance in writing the curriculum vitae. You have made it abundantly clear that as graduates of the institution the doors of communication will always be open and that this counseling will continue throughout the lives of our careers. It proves that you are truly interested in being an active participant in your students' success and are tirelessly committed to raising the standards of education for estheticians who wish to enter the medical world.

I think I speak for all your students, past and present, when I say thank you for your dedication, commitment and inspiration!"

August 11, 2000 - Joey N. , San Diego, CA

"Enclosed is my original quiz/test form of module 1 & 2 and the additional module 5.

I'm truly enjoying this course and all the valuable information you are providing. Thank you.....especially for your HONESTY!"

March 15, 2001 – Lisa F., Baltimore, MD

"Dear Victoria,

Enclosed are the required papers for my student file. I cannot begin to tell you what a pleasure it has been working with you. I feel that I have grown in leaps and bounds over the past six weeks both professionally and personally. I look forward to working with you more in the not so distant future. I have spent many a night writing and analyzing my thoughts from the conversations between us."

March 28, 2001 – Cathy H., Napa, CA

"Dear Victoria Rayner,

I wanted to let you know that I got the position at the Kaiser Hospital. It's a part-time position, which is great because I've opened a new business in Napa that is going great.

Thank you so much for putting together a wonderful course. The hard work paid off and look how successful I am. I hope someday to meet with you in person and share my new experiences with you."
