Dear Victoria :

Congratulations on your presentation at the Dermatology Nurses' Association 17th Annual Convention in New Orleans, Louisiana. I'm sure the participants benefited from your knowledge and expertise.

We are now seeking manuscripts for review and possible publication in *Dermatology Nursing*. I invite you to write about the topic you presented at the convention, or about a related subject of your choice. I offer you my personal assistance in preparing a paper. Please let me know if you think you will be able to write and a probable submission date. If appropriate, please include information on prevention and detection, patient education, clinical "how to," and treatment modalities. Enclosed are our *Guidelines for Authors* for your reference.

As one of the leading journals in its field, *Dermatology Nursing* seeks to offer the latest information in practice issues related to the specialty of dermatology nursing. I look forward to your response.

Sincerely,

  
Marcia J. Hill, MSN, RN
