Dear Dr. Rayner:

We **have** read with great **interest** your paper on "Camouflage cosmetics" and we consider it as excellent.

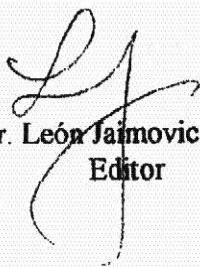

We would appreciate very much if **the** summary you are supposed to send us do not keep **similarity** with the one appeared in **Baran-Maibach**.

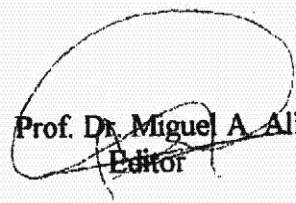

Obviously you can **give** it the style and **context** you desire.

At the same time we will like to inform you that the extension would **have** a **maximun** of 12 pages and with an approach directed to dermatologists in practice.

We enormously appreciate your **colaboration**.

Very cordially,

Prof. Dr. León Jaimovich
