"Indulging the Professional"

Dear Ms. Rayner:

Thank you for participating as a speaker in celebration of "Women's History Month" sponsored jointly with Sisterhood at Levi Strauss & Co.

Your uplifting message on how career women could achieve maximum physical and mental well-being to overcome career obstacles was well received. Your genuine sharing of personal insights and strategic tips to enable women to overcome daily workday stress are truly inspirational. The positive feedback from participants of your seminar makes me feel privileged to have hosted your first signing.

The book signing of "The Survival Guide for Today's Career Woman" was very successful. In fact by popular demand by your growing fan club, and we would like you to return for a repeat performance soon.

Best regards,

A handwritten signature in cursive script that reads "Paula F. Ballentine".

Paula F. Ballentine
