Dear Mrs. Kayner

I am a senior dermatologist in a major medical center in Israel. I am writing to you upon the recommendation of Professor Howard Maibach and would like to suggest you to participate in writing one (or more) chapter in a cosmetic textbook. Recently I have completed a book on cosmetics and skin care. The book will be edited by Professor Maibach, Dr. Baran and me and is planned to be published by Martin Dunitz Publishers. Some of the chapters were written in collaboration with other dermatologists

The title of the book is COSMETICS - A BASIC TEXTBOOK. It is intended to be used mainly as a textbook for cosmeticians and beauticians and will be of interest to any woman wishing to improve her knowledge about cosmetics.

I am considering the possibility of including chapters on Camouflage (and perhaps on Make-up). As a matter of fact I have already completed a draft in which this topic has been adapted to the concept and general format of the book.

I am well familiar with your book " CLINICAL COSMETOLOGY " and the chapter "Camouflage Cosmetics"(in the book"COSMETIC DERMATOLOGY)", which I read in a great deal of interest. I feel that it is of utmost importance that the chapter will be prepared by a well-known authority in this field.

If you find the idea acceptable I can send you one chapter for your further evaluation.

Thank you for your consideration and looking forward to hearing from you

Sincerely yours

shai

Avi Shai, M.D
